

Technology Requirements:

Online courses require a working computer with an up-to-date operating system and a reliable internet connection. It is strongly encouraged not to rely on a tablet for engaging in online education. Please also have download Microsoft 365. It is free with your Sage account, see the how to by IT [here](#). It is also recommended to have an external storage recommended for keeping word versions of work. Moodle, Zoom, and Google Drive access provided upon matriculation.

Check Your Current Computer

- Memory:** Minimum 8GB, 16 GB preferred
