# RAVE GUARDIAN MOBILE APP

SAGE'S CAMPUS SAFETY TECHNOLOGY TOOL

RUSSELL SAGE COLLEGE
BE. KNOW. DO.

Russell Sage College uses the **Rave Guardian Mobile App** for all students, faculty, and staff. Anyone with a Sage email address can download the app and begin using.

Rave Guardian is used to promote campus safety, with resources just a click away in the app.

Download the App with Just 5 Easy Steps:

1. Search "Rave Guardian" in your smartphone's App Store.

2. Open the app & ensure your region is set to U.S. Then, enter your mobile number and a verification code will be sent to you.

3. Enter your Sage Email and a second verification will be sent there.

4. Confirm your personal information.

5. Then, the app will ask you to enable your location services. The app works best with location services as always on, but this is up to your preference.

Access All of the Useful Features

✔ **Call Public Safety Dispatch**
One-click call to UHA Public Safety for emergency needs with the option to share location

✔ **Text Public Safety Dispatch**
Two-way communication with optional anonymous mode in place of an audible phone call

✔ **Safety Timer**
Virtual campus safety escort allows you to share your location with members of your safety circle from your phone's contacts

✔ **Call Directory**
Links to important phone numbers & crisis lines

✔ **Content Directory**
Links to important campus resources, shuttle schedule, campus maps, Sage's portal, CARE reporting form, etc.

✔ **Emergency Call**
One-click emergency dial to 9-1-1

Note that Sage Community members can still call Public Safety directly from any phone by dialing 518-244-3177
